

InstaCleanCIP

InstaCleanCIP: The Ultimate Coil Cleaning Solution

Professional strength cleaning power packed into premeasured 4oz cleaners. Experience the unbeatable combination of professional strength and unmatched convenience with InstaCleanCIP, the all-purpose coil cleaner that gets the job done efficiently.

InstaCleanCIP offers the perfect combination of cleaning power and convenience for HVAC-R professionals. Each 1.5 lb pouch contains six 4oz premeasured cleaners, providing up to six gallons of professional-grade coil cleaner. Mix the cleaner to your desired strength for a customized cleaning solution tailored to your specific needs. The deep-cleaning action ensures thorough cleaning for all coil types, while the corrosion inhibitor protects and extends coil lifespan.

Key Features:

Premeasured Power: Each 1.5 lb pouch contains six 4oz cleaners, providing up to six gallons of professional-grade coil cleaner.

Customizable Cleaning: Mix to your desired strength for a powerful cleaning solution tailored to your needs.

Mix onsite: No need to ship or haul water.

Inexpensive & Easy to Use: Simply add one quick-dissolving cleaner to a gallon sprayer, shake thoroughly, and start cleaning. Adjust the solution strength as required.

Benefits

No Waste, No Mess: Premeasured cleaners mean no wasted product and easy cleanup if spilled.

Safe for All Coils: Suitable for any coil type, providing peace of mind and versatility.

Transport Friendly: Won't spill, leak, or separate, and eliminates transport hassles

Corrosion Inhibitor: Protects coils while cleaning, extending their lifespan.

Save More than just Time

Shipping Costs: Lightweight powder reduces shipping fees compared to liquid alternatives.

Storage Space: Compact pouches are easier to store than bulky liquid containers.

Service Van Friendly: Spill a cleaner? No problem—just sweep it up, unlike messy premixed solutions.
